## CAREER HISTORY

**RED TWIN LIMITED** – Senior Consultant  
November 2014 to present

I am a senior consultant for Red Twin specialising in architectural and environmental acoustics. I assist numerous design teams and construction professionals with bespoke acoustic engineering design advice across a range of sectors including residential, education, commercial, leisure, healthcare and the arts.

I am typically involved in all aspects of Red Twin's operations and logistics, and excel at tasks concerning numerical modelling, legislation within noise and vibration, acoustic construction principles and initiating discussion to my professional network both within and outside of the company.
